Enabling wellbeing in every room

Rustic Forest Oak

**WICANDERS®**

Nature at your feet

Wicanders has a legacy that goes back to 1868 and is the global leading brand in flooring products with cork technology. Present in more than 70 countries, its promise is to provide Floors for Living, ready for real life, for our home and office, for our different rhythms, for our family and pets, for all those wonderful and simple, yet sometimes unexpected moments. Floors for our lives.

Over the years, Wicanders has developed sustainable floor and wall coverings with exclusive properties due to its innovative Corktech technology. By combining state of the art technology with the exclusive natural properties of cork, a higher standard in flooring is achieved. Available with cork, wood and stone looks, its products are able to provide a silent and thermally insulated environment, that endures impacts and is very comfortable to walk and stand on.

Wicanders means wellbeing, a choice for life!

## FROM NATURE, TO YOUR SPECIAL SPACE.

Technology only makes sense if it improves people's lives. This concept finds expression in products developed with Corktech technology.

By using a unique engineered multilayer structure, which combines state of the art technology with the exclusive natural properties of cork, a higher standard in flooring is achieved, providing the perfect match between design and wellbeing.

Wicanders uniqueness is daily achieved by continuously research on how end customers think and live their spaces. Wicanders brings to the market products that provide a silent and thermally insulated environment, that endures through time and are sustainable at the same time.

## Tradition

# Turning dreams into reality.

Flooring has the ability to create or change the mood of every space. Depending on the style that you want to create throughout your home, you can choose between flooring looks that will totally impact the overall style or the ones that will turn the furniture set in a more low profile approach.

A living room is the social area of a home and it needs to be both a casual and a formal space that will act as a comfortable space to enjoy family time or to host a special event.

Flooring visuals with a Tradition look like these 8, offer the perfect complement to your furniture providing a sophisticated ambiance.

# Finishing & Warranty

NPC surface finish (Natural Power Coat) is the last innovation in varnished cork floors being suitable for the most demanding domestic areas and commercial areas with moderate traffic, achieving a class of 32 (ISO 10874) and AC6 (EN 13329). Due to its chemical reaction during the hot coating process it is extremely wear resistant and highly flexible. This green coat also has a very pleasant haptic, which emphasizes the warmth and natural structure of cork.

## Tradition

# Keeping your comfort is our tradition.

Flooring is one of the most important structural decisions when decorating a space from scratch or remodeling one. The hue and style you choose for the floor of your space sets the tone for the ambiance to be built and it's always an extension of you and your style.

The bedroom is a space where you can have inner time and relax before each morning's rush. The comfort of your bed is crucial as is also the pleasant touch of walking barefoot on the floor - that's what Wicanders products can provide: beauty and thermal comfort.

## Nordic

Innovation always finds original ways of expression.

Nordic-colour flooring visuals have the power to impact ambiances in a contemporary way. You may change the decor over time and the gentleness and lightness effect provided by the flooring will remain.

Whether it's a light or dark grey flooring in a minimalist and functional decor that characterizes the scandinavian style, these spaces can be highly personalized and welcoming.
