locking system

product

Lifetime structural Commercial residential limited warranty

finish

- ✓ A non-toxic hypoallergenic finish with antimicrobial agent incorporated
- ✓ Finish integrates an anti-yellowing UV inhibiter and waterproof agent
- ✓ Offers an increased resistance to surface wear
- ✓ Durable, long lasting performance

veneer

- ✓ Natural variation
- ✓ Unique crossed veneers that offer non-repetitive patterns compared to other flooring
- ✓ High quality design with micro-v four-sided bevels
- ✓ Embodies the authenticity and craftsmanship of real wood due to the micro-v joints and evenly applied stain

core

- ✓ Extremely stable in humidity variations
- ✓ Provides greater strength over time
- ✓ Won't expand or contract with varying atmospheric conditions
- ✓ Heat resistant
- **✓** Waterproof
- ✓ More rigid and dent resistant than traditional flooring

installation

- ✓ Easy to Install Triple Lock Technology
- ✓ Drop lock installation
- ✓ No glue, nails or staples required
- ✓ For use in kitchens, bathrooms, basement and commercial spaces
- ✓ Able to be installed over subfloor with minor imperfections
